## INSTALLATION

- Drop-in
- Not all drop-in kitchen sinks require mounting hardware. If your kitchen sink does not come with mounting brackets, Sinkology recommends securing your sink with 100% silicone and expandable foam.
- Due to the manufacturing process, each fireclay sink will vary slightly dimensionally. We recommend using the actual sink to be installed, not templates, to ensure an exact fit.

Drop-in sink installation instructions are available on the BILT® App. Download the BILT App today and search "Sinkology" to find install instructions specifically for your product and installation type or scan the QR Code for easy access.
