## Installation & Fit Considerations

- Will this sink fit my current cabinet without cutting the frame?
- Will I need to modify my cabinet doors or face frame?
- Do I need a support frame or extra bracing for this sink?
- Will my current countertop cutout work as-is?
- Will plumbing (drain + water lines) need to move?
- Does the material require special handling during install?

## Personal Preferences

- Single-bowl or double-bowl? \_\_\_\_\_
- Deep basin or shallower profile? \_\_\_\_\_
- Match sink finish to faucet and hardware? [ ☐ ] Yes [ ☐ ] No
- Want a sink that develops a patina over time? [ ☐ ] Yes [ ☐ ] No
- Prefer a scratch-resistant surface? [ ☐ ] Yes [ ☐ ] No

## Final Reminders Before Purchase

- Double-check exact sink dimensions in the spec sheet.
- Confirm cabinet fit (actual size vs. listed size).
- Ask about return policies or restocking fees.
- Take photos of your current setup for reference.
- Consider buying a sink kit with matched components to simplify shopping.
